SIR

I am directed by the Vice-Chancellor and Syndicate to address you on the following matter

2 Towards the end of the year 1900 the Syndicate granted exemption to certain candidates for the First examination in Arts and the B A degree examination who appeared from the Maharaja's College Mysore This course was taken on the recommendation of the Principal and more or less under the impression that the Mysore Government approved of the closing of the college Similar recommendations have been made this year but as the college was not actually closed the Syndicate considers that to grant the exemptions would be contradictory to the decision of the Government that the college should remain open and would be detrimental to the interests of sound discipline

3 The results of these candidates are in the meantime withheld but the Syndicate is desirous of learning whether in the circumstances Government is prepared to support the recommendation of the Principal so far as they affect this year's cases

4 I am however directed to point out that the Syndicate disapprove of the practice which has arisen and that it is not prepared to continue the granting of exemptions to students who fail to attend a college when the Managers have decided

Before sending our final reply, we must have the recommendation made by the Principal before us. May the D.G be asked to send up the Copy with his opinion?

In Para 2, the results are said to be withheld. This evidently means that these candidates were duly registered and examined. It is doubtful whether the University would be right in refusing to recognise the validity of the results in these cases. The matter seems to require urgent disposal. The Registrar may be asked to say how this que can be considered at this stage & informed that the papers have been called for.
